Storage & shelf life

When stored cold, Yops™ remains stable in a sealed bottle for one (1) year. Suitable for short-term storage at room temperature in a dry and well-ventilated area, away from direct sunlight. After opening, minimize exposure to air, keep the container tightly closed and refrigerated. For best quality, use within 1 month of opening; assess aromatic profile if used after. Purging the headspace with inert gas will extend the shelf life. Intended for professional use in the production of foodstuffs/beverages.
